NEW YORK'S BEST TEQUILA BARS

In a recent [New York Times piece](#), Harry Hurt III delves into the world of [tequila](#) and visits the experts at Dos Caminos, one of the city's premiere [tequila bars](#). Hurt and his tasting group try blanco, reposado, and anejo tequilas until their palates are shot and their tongues are on fire. Inspired by Hurt's tale of dedicated drinking -- and in honor of this weekend's [Cinco de Mayo](#) -- we hunted around

for the best places in the city to drink pure agave and distilled tequila. Mezcal, anejo, and enough margaritas to keep you drunk for days, after the jump.

Maya: Like Dos Caminos and Agave, Maya, the Upper East Side Mexican joint, serves almost 100 different kinds tequilas on three separate detailed lists.
